

SLK R171 Roadsterbag

Item no. 4001710

With these travel bags, you can take the maximum amount of luggage on trips with the roof down. These travel bags fit exactly under the partition, and make use of the maximum amount of space. The metal-plastic composite frame means that the cases are particularly light yet retain their shape well, preventing your clothes from creasing. The small bags are also extremely tough and retain their shape well, because of the metal-plastic composite frame. In terms of colour, the luggage set is perfectly matched to the SLK boot space. High-quality materials and workmanship, a document pocket, closable cover with 3-way zipper, clear address window, retaining strips inside and a flat net pocket on the inside of the cover, also with a zipper, combine visual appeal with practicality. This luggage set is different from all other suitcases!
Volume: 150 litre; set of 5
